MOLYKOTE® PTFE-N UV
Anti-friction coating

FEATURES
- Very low coefficient of friction
- Colorless, therefore non-staining
- Detectable on the surface

COMPOSITION
- PTFE
- Binder
- Solvent
- Ultra-Violet indicator

Air-curing dry lubricant

APPLICATIONS
- Suitable for rubber guides, sliding doors, furniture hinges, small mechanisms in office machines and sunroof seals.
- For nearly all material combinations such as metal/metal, plastic/metal, plastic/plastic combinations involving slow to medium movements and medium loads.
- The UV indicator enables the end user to readily inspect and confirm, using UV inspection lamps, that the product has been applied to the substrate.

TYPICAL PROPERTIES
Specification writers: These values are not intended for use in preparing specifications. Please contact your local Dow Corning sales representative prior to writing specifications on this product.

1. Calculated value.
2. Surface pretreatment: b = blank, p = phosphated, s = sand blasted.
DIN: Deutsche Industrie Norm.

HOW TO USE
Surface preparation
First clean and degrease the surface which will be coated with MOLYKOTE PTFE-N UV Anti-Friction Coating. Phosphatization or sandblasting (180 grid) increases the adhesion and service life.

How to apply
Stir the Anti-friction Coating thoroughly before applying by spraying, dipping, centrifuging or brushing. Recommended dry film thickness: 5 to 20µm.
Curing
120 minutes at 20°C

Solubility
Thinning can be carried out using MOLYKOTE® L13 Thinner.

HANDLING PRECAUTIONS
Product safety information required for safe use is not included. Before handling, read product and safety data sheets and container labels for safe use, physical and health hazard information. The material safety data sheet is available on the Dow Corning website at www.dowcorning.com. You can also obtain a copy from your local Dow Corning sales representative or Distributor or by calling your local Dow Corning Global Connection.

USABLE LIFE AND STORAGE
When stored at or below 20°C in the original unopened containers, this product has a usable life of 24 months from the date of production.

PACKAGING
This product is available in different standard container sizes. Detailed container size information should be obtained from your nearest Dow Corning sales office or Dow Corning distributor.

LIMITATIONS
This product is neither tested nor represented as suitable for medical or pharmaceutical uses.

HEALTH AND ENVIRONMENTAL INFORMATION
To support customers in their product safety needs, Dow Corning has an extensive Product Stewardship organization and a team of Health, Environment and Regulatory Affairs specialists available in each area.

For further information, please see our website, www.dowcorning.com or consult your local Dow Corning representative.

LIMITED WARRANTY INFORMATION - PLEASE READ CAREFULLY
The information contained herein is offered in good faith and is believed to be accurate. However, because conditions and methods of use of our products are beyond our control, this information should not be used in substitution for customer's tests to ensure that Dow Corning's products are safe, effective, and fully satisfactory for the intended end use. Suggestions of use shall not be taken as inducements to infringe any patent.

Dow Corning's sole warranty is that the product will meet the Dow Corning sales specifications in effect at the time of shipment.

Your exclusive remedy for breach of such warranty is limited to refund of purchase price or replacement of any product shown to be other than as warranted.

DOW CORNING SPECIFICALLY DISCLAIMS ANY OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY.

DOW CORNING DISCLAIMS LIABILITY FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES.
